# The Nemours Foundation Section 403(b) Plan

## SUMMARY PLAN DESCRIPTION

### ARTICLE 1 INTRODUCTION

The Nemours Foundation has adopted The Nemours Foundation Section 403(b) Plan (the “Plan”) to help its employees save for retirement. If you are an employee of The Nemours Foundation, you may be entitled to participate in the Plan, provided you satisfy the conditions for participation as described in this Summary Plan Description.

This Summary Plan Description (“SPD”) is designed to help you understand the retirement benefits provided under the Plan and your rights and obligations with respect to the Plan. This SPD contains a summary of the major features of the Plan, including the conditions you must satisfy to participate under the Plan, the amount of benefits you are entitled to as a Plan participant, when you may receive distributions from the Plan, and other valuable information you should know to understand your Plan benefits. We encourage you to read this SPD and contact the Plan Administrator if you have any questions regarding your rights and obligations under the Plan. (See Article 2 below for the name and address of the Plan Administrator.)

This SPD does not replace the formal Plan document, which contains the legal and technical requirements applicable to the Plan. However, this SPD does attempt to explain the Plan language in a non-technical manner that will help you understand your retirement benefits. If the non-technical language under this SPD and the technical, legal language under the Plan document conflict, the Plan document always governs. If you have any questions regarding the provisions contained in this SPD or if you wish to receive a copy of the legal Plan document, please contact the Plan Administrator.

The Plan document may be amended or modified due to changes in law, to comply with pronouncements by the Internal Revenue Service (IRS) or Department of Labor (DOL), or due to other circumstances. If the Plan is amended or modified in a way that changes the provisions under this SPD, you will be notified of such changes.

This SPD does not create any contractual rights to employment nor does it guarantee the right to receive benefits under the Plan. Benefits are payable under the Plan only to individuals who have satisfied all of the conditions under the Plan document for receiving benefits.

**Address:** 10140 Centurion Parkway North  
**City, State, Zip Code:** Jacksonville, Florida 32256  
**Telephone number:** 904-697-4100

### **Service of Legal Process:**

Service of legal process may be made upon the Employer. In addition, service of legal process may be made upon the Plan Administrator.

### **Effective Date of Plan:**

The Plan was originally effective January 1, 2009. However, unless designated otherwise, the provisions of the Plan as set forth in this SPD are effective as of January 1, 2021.

### **Plan Year:**

Many of the provisions of the Plan are applied on the basis of the Plan Year. For this purpose the Plan Year is the calendar year running from January 1 – December 31.

### **Plan Compensation:**

In applying the contribution formulas under the Plan (as described in Article 4 below), your contributions may be determined based on Plan Compensation earned during the Plan Year. However, in determining Plan Compensation, no amount will be taken into account to the extent such compensation exceeds the compensation dollar limit set forth under IRS rules. For 2021, the compensation dollar limit is \$290,000.

Thus, for Plan Years beginning in 2021, no contribution may be made under the Plan with respect to Plan Compensation above \$290,000. For subsequent plan years, the compensation dollar limit may be adjusted for cost-of-living increases. Note that the compensation dollar limit described above does not apply to Salary Deferrals contributed to the Plan.

For purposes of determining Plan Compensation, your total taxable wages or salary is taken into account including any Salary Deferrals you make to this 403(b) plan and any pre-tax salary reduction contributions you may make under any other plans we may maintain, which may include any pre-tax contributions you make under a medical reimbursement plan or “cafeteria” plan. Plan Compensation also generally includes compensation for services that is paid after termination of employment, as long as such amounts are paid by the end of the year or within 2½ months following termination of employment, if later. However, for purposes of determining contributions under the Plan, Plan Compensation does not include the following types of compensation:

- All fringe benefits (cash and noncash), reimbursements or other expense allowances, moving expenses, deferred compensation and welfare benefits
- Continuation payments to disabled Participants paid after severance of employment
- Loan forgiveness, associate relief funds, imputed income other than imputed income attributable to group term life insurance, adoption assistance and tuition reimbursement.

**Period for determining Plan Compensation.** For purposes of determining Plan Compensation, only compensation you earn while you are a participant in the Plan will be taken into account. Thus, any compensation you earn while you are not eligible to participate in the Plan will not be considered in determining Plan Compensation.

**Normal Retirement Age:**

You will reach Normal Retirement Age under the Plan when you turn age 65.

**ARTICLE 3  
DESCRIPTION OF PLAN**

**Type of Plan.** This Plan is a special type of retirement plan commonly referred to as a 403(b) plan. Under the Plan, you may elect to have a portion of your salary deposited directly into a 403(b) account on your behalf. This pre-tax contribution is called a “Salary Deferral.” As a pre-tax contribution, you do not have to pay any income tax while your Salary Deferrals are held in the Plan, and any earnings on your Salary Deferrals are not taxed while they stay in the Plan.

You also may choose to make contributions to the Plan on an after-tax basis, by designating your Salary Deferrals as Roth Deferrals. While you are taxed on a Roth Deferral in the year you contribute to the Plan, you will not be taxed on the contribution or earnings attributable to Roth Deferrals under the Plan when you elect to withdraw your Roth amounts from the Plan, as long as your withdrawal is a qualified distribution. See the discussion of Roth Deferrals under Article 4 below.

In addition to your own Salary Deferrals, if you satisfy the eligibility conditions described in Article 5 below, you may be eligible to receive an additional Employer Contribution under the Plan. If you are eligible to receive an Employer Contribution, we will deposit such contribution directly into the Plan on your behalf. Like the pre-tax Salary Deferrals discussed above, any Employer Contribution we make to the Plan on your behalf and any earnings on such amounts will not be subject to income tax as long as those amounts stay in the Plan. You will not be taxed on your Employer Contributions generally until you withdraw such amounts from the Plan. Article 4 below and the Addendum to the SPD describes the Employer Contributions authorized under the Plan.

This Plan is a defined contribution plan, which is intended to qualify under Section 403(b) of the Internal Revenue Code. As a defined contribution plan, it is not covered under Title IV of the Employee Retirement Income Security Act of 1974 ("ERISA") and, therefore, benefits are not insured by the Pension Benefit Guaranty Corporation.

#### ARTICLE 4 PLAN CONTRIBUTIONS

The Plan provides for the contributions listed below. Article 5 discusses the requirements you must satisfy to receive the contributions described in this Article 4. Article 7 describes the vesting rules applicable to your plan benefits. Special rules also may apply if you leave employment to enter qualified military service. See your Plan Administrator if you have questions regarding the rules that apply if you are on military leave.

#### Salary Deferrals

If you have satisfied the conditions for participating under the Plan (as described in Article 5 below) you are eligible to make Salary Deferrals to the Plan. To begin making Salary Deferrals, you must complete a Salary Deferral election requesting that a portion of your compensation be contributed to the Plan instead of being paid to you as wages. However, see the discussion below regarding the application of the "automatic deferral" provisions under the Plan that may apply if you do not specifically elect to defer (or not defer) under the Plan. Any Salary Deferrals you make to the Plan will be invested in accordance with the Plan's investment policies.

**Pre-Tax Salary Deferrals.** If you make pre-tax Salary Deferrals to the Plan, you will not have to pay income taxes on such amounts or on any earnings until you withdraw those amounts from the Plan.

Consider the following examples:

- If you earn \$30,000 a year, are in the 22% tax bracket, are eligible to participate in the Plan and you elect to save 3% (or \$900) of your salary under the 403(b) Plan this year, you would save \$198 in Federal income taxes (22% of \$900 = \$198).
- If you earn \$30,000 a year, are in the 22% tax bracket, are eligible to participate in the Plan, and you elect to save 5% (or \$1,500) of your salary under the 403(b) Plan this year, you would save \$330 in Federal income taxes (22% of \$1,500 = \$330).
- If you earn \$30,000 a year, are in the 22% tax bracket, are eligible to participate in the Plan and you elect to save 8% (or \$2,400) of your salary under the 403(b) Plan this year, you would save \$528 in Federal income taxes (22% of \$2,400 = \$528).

As you can see, the more you are able to put away in the Plan and the higher your tax bracket, the greater your tax savings will be. In addition, if the amount of your Salary Deferrals grows due to investment earnings, you will not have to pay any Federal income taxes on those earnings until such time as you withdraw those amounts from the Plan.

**Roth Deferrals.** You also may be able to avoid taxation on earnings under the Plan by designating your Salary Deferrals as Roth Deferrals. Roth Deferrals are a form of Salary Deferral but, instead of being contributed on a pre-tax basis, you must pay income tax currently on such deferrals. However, provided you satisfy the distribution requirements applicable to Roth Deferrals (as discussed in Article 8 below), you will not have to pay any income taxes at the time you withdraw your Roth Deferrals from the Plan, including amounts attributable to earnings. Thus, if you take a qualified distribution (as described in Article 8) your entire distribution may be withdrawn tax-free. You should discuss the relative advantages of pre-tax Salary Deferrals and Roth Deferrals with a financial professional before deciding how much to designate as pre-tax Salary Deferrals and Roth Deferrals.

**Salary Deferral election.** You may not begin making Salary Deferrals under the Plan until you enter into a Salary Deferral election designating how much you wish to defer under the Plan. However, as described below, Salary Deferrals may be automatically withheld from your paycheck if you do not specifically elect to defer (or not defer) under the Plan.

**Change of election.** You can increase or decrease the amount of your Salary Deferrals as of a designated election date. For this purpose, the designated election date(s) for changing or modifying your Salary Deferral election will be set forth under the Salary Deferral election or other written procedures describing the time period for changing Salary Deferral elections. If the available election date(s) change, you will be notified in writing of any such change. You always will be able to change or modify your Salary Deferral election at least once per year. Generally, you may revoke an existing Salary Deferral election and stop making Salary Deferrals at any time. Any change you make to a Salary Deferral election will become effective as of the next designated election date, and will remain in effect until modified or canceled during a subsequent election period.

**Automatic deferral election.** To simplify the administrative requirements for making Salary Deferrals under the Plan, the Plan is set up with an “automatic” deferral feature. Under this feature, you do not have to make a Salary Deferral election to begin deferring under the Plan. Thus, if you have otherwise satisfied the eligibility requirements for Salary Deferrals described under Article 5 but have not made a Salary Deferral election, we will automatically withhold 4% of your Plan Compensation from each paycheck and deposit such amounts into the Plan as a Salary Deferral.

Any amounts that are automatically withheld from your paycheck will be invested in accordance with the Plan’s investment policies and will be exempt from taxation just like any other pre-tax Salary Deferral. If you would like to modify your automatic deferral amount, you must make a Salary Deferral election indicating the amount you wish to defer. If you do not wish to defer under the Plan, you must make a Salary Deferral election indicating a zero deferral rate.

**Application of automatic deferral provisions.** The automatic deferral provisions described above will apply only to Employees who are hired on or after the effective date of the automatic deferral provisions or a Participant who was previously automatically enrolled as set forth under a prior Plan document maintained by the Employer, provided the Employee does not make a Salary Deferral election (including an election not to defer). Thus, if you are hired on or after the effective date of the automatic deferral provisions or if you were previously automatically enrolled under a prior plan document and do not make a Salary Deferral election or enter into an agreement specifically electing not to defer, the automatic deferral provisions will apply and Salary Deferrals will automatically be withheld from your paycheck as indicated above.

**Permissive withdrawals under certain automatic enrollment plans.** If you have Salary Deferrals automatically contributed to the Plan pursuant to an automatic deferral election, you may withdraw such contributions (and earnings attributable thereto) within 90 days after the first default Salary Deferral is made, regardless of any other withdrawal restrictions under the Plan. If you withdraw automatic deferrals under this special withdrawal rule, you will lose any Matching Contributions associated with those deferrals. If you withdraw the automatic deferrals, no additional deferrals will be withheld from your paycheck unless you enter into a subsequent election to defer into the Plan.

### **Matching Contributions**

We are authorized under the Plan to make a Matching Contribution on behalf of eligible Plan participants. A Matching Contribution is an Employer Contribution that is made to participants who make Salary Deferrals to the Plan. If you satisfy all of the eligibility requirements described in Article 5 below for Matching Contributions and you make Salary Deferrals to the Plan, you will receive an allocation of any Matching Contributions we make to the Plan, in accordance with the matching formula described below. For this purpose, any Matching Contribution will also apply with respect to any Roth Deferrals you make to the Plan. If you do not satisfy all of the eligibility requirements for receiving a Matching Contribution, you will not share in an allocation of such Matching Contributions for the period for which you do not satisfy the eligibility requirements.

Matching Contributions will be contributed to your Matching Contribution account under the Plan at such time as we deem appropriate. Matching Contributions may be contributed during the Plan Year or after the Plan Year ends. Any Matching Contributions we make will be made in accordance with the following Matching Contribution formula.

- **Fixed Matching Contribution formula.** We will make a fixed Matching Contribution on behalf of eligible participants who make Salary Deferrals to the Plan. The Matching Contribution will equal 50% of Salary Deferrals you make during the Plan Year.

**Limit on Matching Contributions.** In addition to the overall limit on total contributions described in Article 6 below, the Plan imposes special limits on the amount a participant may receive as a Matching Contribution under the Plan for the Plan Year.

- **Limit on Eligible Contributions.** In determining the amount of Matching Contributions you are entitled to under the Plan, only a certain amount of your contributions are taken into account. For this purpose, any contributions you make above 4% of Plan Compensation will not be eligible for a Matching Contribution. Thus, if you make contributions in excess of 4% of Plan Compensation, you will not receive a Matching Contribution with respect to those contributions.

### Employer Contributions

We are authorized under the Plan to make Employer Contributions on behalf of our employees. In order to receive an Employer Contribution, you must satisfy all of the eligibility requirements described in Article 5 below for Employer Contributions. If you do not satisfy all of the conditions for receiving an Employer Contribution, you will not share in an allocation of such Employer Contributions for the period for which you do not satisfy the eligibility requirements.

**Employer Contribution Formula.** Employer Contributions will be contributed to your Employer Contribution account under the Plan at such time as we deem appropriate. Generally, Employer Contributions may be contributed during the Plan Year or after the Plan Year ends. Any Employer Contributions we make will be made in accordance with the following Employer Contribution formula.

- **Special Employer Contribution formula.** See Addendum to the SPD. Such contribution will be placed in an account under the Plan on your behalf, provided you satisfy the eligibility conditions described in Article 5 below. We retain the right to amend the Plan to reduce or eliminate this contribution. If we amend the Plan to reduce or eliminate this fixed contribution, you will be notified of such change. (See Article 11 below for more information regarding Plan amendments.)

### Rollover Contributions

If you have an account balance in another qualified retirement plan or an IRA, you may move those amounts into this Plan, without incurring any tax liability, by means of a “rollover” contribution. You may also rollover Roth contributions from another qualified plan to this Plan. Rollovers are not permitted from a Roth IRA. You are always 100% vested in any amounts you contribute to the Plan as a rollover from another qualified plan or IRA. This means that you will always be entitled to all amounts in your rollover account. Rollover contributions will be affected by any investment gains or losses under the Plan.

You may accomplish a rollover in one of two ways. You may ask your prior plan administrator or trustee to directly rollover to this Plan all or a portion of any amount which you are entitled to receive as a distribution from your prior plan. Alternatively, if you receive a distribution from your prior plan, you may elect to deposit into this plan any amount eligible for rollover within 60 days of your receipt of the distribution. The 60-day rollover option is not available for rollovers of Roth contributions. Any rollover to the Plan will be credited to your Rollover Contribution Account. See Article 8 below for a description of the distribution provisions applicable to rollover contributions.

Generally, the Plan will accept a rollover contribution from another qualified retirement plan or IRA. The Plan Administrator may adopt separate procedures limiting the type of rollover contributions it will accept. For example, the Plan Administrator may impose restrictions on the acceptance of after-tax contributions or

Salary Deferrals (including Roth Deferrals) or may restrict rollovers from particular types of plans. In addition, the Plan Administrator may, in its discretion, accept rollover contributions from Employees who are not currently participants in the Plan. You also must be a current Employee to make a Rollover Contribution to the Plan. Any procedures affecting the ability to make Rollover Contributions to the Plan will not be applied in a discriminatory manner.

If you have questions about whether you can rollover a prior plan distribution, please contact the Plan Administrator or other designated Plan representative.

## ARTICLE 5 ELIGIBILITY REQUIREMENTS

This Article sets forth the requirements you must satisfy to participate under the Plan. To qualify as a participant under the Plan, you must:

- be an Eligible Employee
- satisfy the Plan's minimum age and service conditions and
- satisfy any allocation conditions required under the Plan.

### Eligible Employee

To participate under the Plan, you must be an Eligible Employee. For this purpose, you are considered an Eligible Employee if you are an employee of The Nemours Foundation, provided you are not otherwise excluded from the Plan.

### Minimum Age and Service Requirements

If you are an Eligible Employee, you may begin to make Salary Deferrals into the Plan as soon as administratively possible after your date of hire. There are no minimum age or service requirements to make Salary Deferrals.

For other contributions, you must satisfy certain age and service conditions under the Plan.

- **Minimum age requirement.** There is no minimum age requirement for participation in the Plan.
- **Minimum service requirement.** If you are a "full-time" employee, you are eligible to participate immediately upon your date of hire, provided you are an Eligible Employee. If you are a "part-time" employee, you must complete a Year of Service with us. For this purpose, you are considered a part-time employee if your normal work schedule is less than 1000 hours per year.
  - **Definition of Year of Service.** For this purpose, you will earn a Year of Service if you work at least 1000 hours for us during the 12-month period immediately following your date of hire. If you do not work at least 1000 hours during the 12-month period immediately following your date of hire, you will earn a Year of Service for purposes of Plan participation if you work at least 1000 hours during any Plan Year beginning after your date of hire.

You will be eligible to participate in the Plan as of the first Entry Date based on when you satisfy the minimum age and service requirements.

**Entry Date.** Once you have satisfied the eligibility conditions described above, you will be eligible to participate under the Plan on your Entry Date. For this purpose, your Entry Date is the date you satisfy the eligibility conditions described above. For example, if you satisfy the Plan's eligibility conditions on November 12, you will be eligible to enter the Plan on November 12.

**Crediting eligibility service.** In determining whether you satisfy any minimum age or service conditions under the Plan, all service you perform during the year is counted. In addition, if you go on a maternity or paternity leave of absence (including a leave of absence under the Family Medical Leave Act) or a military leave of absence, you may receive credit for service during your period of absence for certain purposes

under the Plan. You should contact the Plan Administrator to determine the effect of a maternity/paternity or military leave of absence on your eligibility to participate under the Plan. See Article 2 for a description of “predecessor” employers for whom service may be credited for eligibility purposes under the Plan.

**Eligibility upon rehire.** If you terminate employment after satisfying the minimum age and service requirements under the Plan and you are subsequently rehired as an Eligible Employee, you will enter the Plan on the later of your rehire date or your Entry Date. If you terminate employment prior to satisfying the minimum age and service requirements, and you are subsequently rehired, you will have to re-satisfy the eligibility requirements in order to participate under the Plan.

### Allocation Conditions

If you are an Eligible Employee and have satisfied the service requirement described above, you are entitled to share in the contributions described in Article 4, provided you satisfy the allocation conditions described below.

**Salary Deferrals.** You do not need to satisfy any additional allocation conditions to make Salary Deferrals under the Plan. If you satisfy the eligibility conditions described above, you will be eligible to make Salary Deferrals, regardless of how many hours you work during the year or whether you terminate employment during the year. However, you may not continue to make Salary Deferrals after you terminate employment.

**Matching Contributions.** You will be entitled to share in any Matching Contributions we make to the Plan if you satisfy the eligibility conditions described above. You do not need to satisfy any additional allocation conditions to receive a Matching Contribution. You will receive your share of the Matching Contributions regardless of how many hours you work during the year or whether you terminate during the year.

**Employer Contributions.** You will be entitled to share in any Employer Contributions we make to the Plan only if you satisfy the following allocation conditions. Thus, even if you satisfy the eligibility conditions described above, you will not receive any Employer Contributions if you do not satisfy the following allocation conditions.

- You must work 250 hours of service during a Plan Year quarter to receive an Employer Contribution for such period. You may receive additional information regarding this service requirement from the Plan Administrator.
- **Exceptions to allocation conditions.** The allocation conditions described above do not apply if
  - you terminate employment as a result of your death
  - you terminate employment as a result of a disability
  - you terminate employment after attaining Normal Retirement Age

## ARTICLE 6 LIMIT ON CONTRIBUTIONS

The IRS imposes limits on the amount of contributions you may receive under this Plan, as described below.

**IRS limits on Salary Deferrals.** The IRS imposes limits on the amount you can contribute as Salary Deferrals during a calendar year. For 2021, the maximum deferral limit is \$19,500. For years after 2021, the maximum deferral limit may be adjusted for cost-of-living each year. The Plan Administrator will provide you with information regarding the adjusted deferral limits beginning after 2021. In addition, if you are at least age 50 by December 31 of the calendar year, you also may make a special catch-up contribution in addition to the maximum deferral limit described above. For 2021, the catch-up contribution limit is \$6,500. For years after 2021, the catch-up contribution limit may be adjusted for cost-of living each year. The Plan Administrator will provide you with information concerning the catch-up contribution limit for years after 2021.

**Example:** If you are at least age 50 by December 31, 2021, the maximum Salary Deferral you may make for the 2021 calendar year would be \$26,000 [i.e., \$19,500 maximum deferral limit plus \$6,500 catch-up contribution limit].

The IRS deferral limit applies to all Salary Deferrals you make in a given calendar year to this Plan or any other cash or deferred arrangement (including a cash or deferred arrangement maintained by an unrelated employer). For this purpose, cash or deferred arrangements include 401(k) plans, 403(b) plans, simplified employee pension (SEP) plans or SIMPLE plans. (Note: If you participate in both this Plan and a 457 eligible deferred compensation plan, special limits may apply under the 457 plan. You should contact the Plan Administrator of the 457 plan to find out how participation in this Plan may affect your limits under the 457 plan.)

If you make Salary Deferrals for a given year in excess of the deferral limit described above under this Plan or another plan maintained by the Employer (or any other employer maintaining this Plan), the Plan Administrator will automatically return the excess amount and associated earnings to you by April 15. If you make Salary Deferrals for a given year in excess of the deferral limit described above because you made Salary Deferrals under this Plan and a plan of an unrelated employer not maintaining this Plan, you must ask one of the plans to refund the excess amount to you. If you wish to take a refund from this Plan, you must notify the Plan Administrator, in writing, by March 1 of the next calendar year so the excess amount and related earnings may be refunded by April 15. The excess amount is taxable for the year in which you made the excess deferral. If you fail to request a refund, you will be subject to taxation in two separate years: once in the year of deferral and again in the year the excess amount is actually paid to you.

**IRS limit on total contributions under the Plan.** The IRS imposes a maximum limit on the total amount of contributions you may receive under this Plan. This limit applies to all contributions we make on your behalf, all contributions you contribute to the Plan, and any forfeitures allocated to any of your accounts during the year. Under this limit, the total of all contributions under the Plan cannot exceed a specific dollar amount or 100% of your annual compensation, whichever is less. For 2021, the dollar limit is \$58,000. (For years after 2021, this amount may be increased for inflation.) For purposes of applying the 100% of compensation limit, your annual compensation includes all taxable compensation, increased for any Salary Deferrals you may make to this 403(b) plan and any pre-tax contributions you may make to any other plan we may maintain, such as a cafeteria health plan.

**Example:** Suppose in 2021 you earn compensation of \$45,000 (after reduction for pre-tax 403(b) plan contributions of \$5,000). Your compensation for purposes of the overall contribution limit is \$50,000 (\$45,000 + \$5,000 of pre-tax deferrals). The maximum amount of contributions you may receive under the Plan for 2021 is \$50,000 (the lesser of \$58,000 or 100% of \$50,000).

## ARTICLE 7 DETERMINATION OF VESTED BENEFIT

**Vested account balance.** When you take a distribution of your benefits under the Plan, you are only entitled to withdraw your *vested* account balance. For this purpose, your *vested* account balance is the amount held under the Plan on your behalf for which you have earned an ownership interest. You earn an ownership interest in your Plan benefits if you have earned enough service with us to become *vested* based on the Plan's vesting schedule. If you terminate employment before you become fully vested in any of your Plan benefits, those non-vested amounts may be forfeited. (See below for a discussion of the forfeiture rules that apply if you terminate with a non-vested benefit under the Plan.)

The following describes the vesting schedule applicable to contributions under the Plan.

- **Salary Deferrals.** You are always 100% vested in your Salary Deferrals. In other words, you have complete ownership rights to your Salary Deferrals under the Plan.
- **Matching Contributions.** You are always 100% vested in your Matching Contributions. Thus, you have complete ownership rights to your Matching Contributions immediately after such amounts are contributed to the Plan on your behalf.

- **Employer Contributions (other than Employer Contributions allocated under Employer Contribution Formula #2).** You become *vested* in your Employer Contributions account under a “3-year cliff vesting schedule.” Under this vesting schedule, you will have a complete ownership interest in your Employer Contributions once you have completed three (3) Years of Vesting Service. Prior to the completion of three Years of Vesting Service, you have no ownership interest in your Employer Contribution account.
- **Employer Contributions allocated under Employer Contribution Formula #2.** You are always 100% vested in your Employer Contributions allocated under Employer Contribution Formula #2. Thus, you have complete ownership rights to such Contributions immediately after such amounts are contributed to the Plan on your behalf.
- **Other contributions.** In addition, certain special contributions that are made to the Plan on your behalf will always be 100% vested. If any of these special contributions are made to the Plan, you will always have an immediate ownership interest in such contributions. Examples of special contributions that may be made to the Plan include:
  - Rollover Contributions

**Protection of vested benefit.** Once you are vested in your benefits under the Plan, you have an ownership right to those amounts. While you may not be able to immediately withdraw your vested benefits from the Plan due to the distribution restrictions described under Article 8 below, you generally will never lose your right to those vested amounts. However, it is possible that your benefits under the Plan will decrease as a result of investment losses. If your benefits decrease because of investment losses, you will only be entitled to the vested amount in your account at the time of distribution.

**Exception to vesting schedule.** The above vesting schedule no longer applies once you reach Normal Retirement Age under the Plan. Thus, if you are still employed with us at Normal Retirement Age, you will automatically become 100% vested in all contributions under the Plan. You also will be fully vested in your entire account balance (regardless of the Plan’s vesting schedule) if the plan is terminated. In addition, if you:

- die
- become disabled

while you are still employed with us, you will automatically become 100% vested.

**Years of Vesting Service.** To calculate your vested benefit under the Plan, your Years of Vesting Service are used to determine where you are on the vesting schedule. You will be credited with a Year of Vesting Service for each year in which you work at least 1,000 hours. The Plan Administrator will track your service and will calculate your years of service in accordance with the Plan requirements.

In calculating your Years of Vesting Service, all of your service with us is taken into account, including service you may have earned before the Plan was adopted.

**Forfeiture of nonvested benefits.** If you terminate employment before you become fully vested in your Plan benefits, you will be entitled to receive a distribution of your *vested* benefits under the Plan. Your non-vested benefits will be *forfeited* as described below. You are not entitled to receive a distribution of your non-vested benefits.

If you terminate employment at a time when you are only partially-vested (or totally non-vested) in any of your Plan benefits, how the Plan treats your non-vested balance will depend on whether you take a distribution when you terminate employment.

- **Forfeiture upon distribution.** If you take a distribution of your entire vested benefit after you terminate employment, your non-vested benefit will be forfeited in accordance with the terms of the Plan. If you are totally non-vested in any contributions we made on your behalf, you will be deemed to receive a distribution for purposes of applying these forfeiture rules.

- **Buy-back of forfeited benefits upon reemployment.** If you take a distribution of your entire vested benefit when you terminate employment, and as a result, some (or all) of your Plan benefits are forfeited, you have the right to repay the distributed amount to the Plan if you are rehired prior to incurring five consecutive Breaks in Service (as defined under “Forfeiture upon five consecutive Breaks in Service” below). If you repay the total amount of your distribution back to the Plan, we will restore the amount of your non-vested benefit which was forfeited as a result of that distribution. Please contact the Plan Administrator if you wish to buy-back prior benefits under the Plan. The Plan Administrator will inform you of the amount you must repay to buy-back your prior forfeited benefit.
- **Timing of buy-back.** For us to restore your forfeited benefits, you must make repayment to the Plan no later than five years following your reemployment date. If you received a “deemed” distribution because you were totally non-vested, your non-vested benefit will automatically be restored within a reasonable time following your reemployment, provided you have not incurred five consecutive Breaks in Service prior to your reemployment.
- **Forfeiture upon five consecutive Breaks in Service.** Depending on the value of your vested benefits, you may be able to keep your benefits in the Plan when you terminate employment. If you do not take a distribution of your entire vested benefit when you terminate employment, your non-vested benefit will remain in your account until you have incurred five consecutive Breaks in Service, at which time your non-vested benefit will be forfeited in accordance with the terms of the Plan. For this purpose, you will have a Break in Service for each year in which you work less than 501 hours. Your vested benefits will not be forfeited under this forfeiture rule. If you have any questions regarding the application of these rules, you should contact the Plan Administrator.

**Treatment of forfeited benefits.** If any of your benefits are forfeited, we may decide in our discretion how to use those forfeited amounts. For example, we may use such forfeitures to pay Plan expenses. If any forfeitures are not used to pay Plan expenses, such forfeitures may be allocated as additional Employer contributions or we may use the forfeitures to reduce other Employer Contributions under the Plan. We will determine each year the amount of any forfeitures for such year and will use those forfeitures in the Plan Year for which the forfeiture occurs or in the following Plan Year.

## ARTICLE 8 PLAN DISTRIBUTIONS

The Plan contains detailed rules regarding when you can receive a distribution of your benefits from the Plan. As discussed in Article 7 above, if you qualify for a Plan distribution, you will only receive your vested benefits. This Article 8 describes when you may request a distribution and the tax effects of such a distribution.

**Distribution upon termination of employment.** When you terminate employment, you may be entitled to a distribution from the Plan. The availability of a distribution will depend on the amount of your vested account balance.

- **Vested account balance in excess of \$5,000.** If your total vested account balance exceeds \$5,000 as of the distribution date, you may receive a distribution from the Plan as soon as administratively feasible following your termination of employment. If you do not consent to a distribution of your vested account balance, your balance will remain in the Plan. If you receive a distribution of your vested benefits when you are only partially-vested in your Plan benefits, your non-vested benefits will be forfeited. For this purpose, your vested account balance is determined without regard to any Rollover Contributions you may have under the plan.

You may elect to take your distribution in any of the following forms. In addition, in certain rare cases, you may be entitled to a distribution in the form of a joint and survivor annuity. Prior to receiving a distribution from the Plan, you will receive a distribution package that will describe the

distribution options that are available to you. If you have any questions regarding your distribution options under the Plan, please contact the Plan Administrator.

- **Lump sum.** You may elect to take a distribution of your entire vested account balance in a lump sum. In addition, if permitted by the Plan Administrator, you may take a partial distribution of a portion of your vested account upon termination of employment. If you take a lump sum distribution, you may elect to rollover all (or any portion) of your distribution to an IRA or to another qualified plan. See the *Special Tax Notice*, which you may obtain from the Plan Administrator, for more information regarding your ability to rollover your plan distribution.
- **Installment payments.** You may elect to receive a distribution in the form of a series of installment payments. If you elect distribution in the form of installments, your vested benefit will be paid out in equal annual installments over a set number of years. If the installment period is 10 years or greater, you may not rollover any of the installment payments into an IRA or into another qualified plan. The Plan Administrator will provide you with forms necessary to elect an installment distribution under the Plan.
- **Annuity payments.** You also may elect to receive a distribution in the form of an annuity. If you elect to receive a distribution in the form of an annuity, the Plan Administrator will use your vested benefit to purchase an annuity that will pay you over a designated period not to exceed your life or life expectancy (and the life or life expectancy of a designated beneficiary). Special rules apply when distributions are made in the form of an annuity. You (and your spouse, if you are married) should contact the Plan Administrator to make sure you understand your rights with respect to the selection of an annuity form of distribution under the Plan.
- **Vested account balance of \$5,000 or less.** If your total vested account balance under the Plan is \$5,000 or less as of the distribution date, you will be eligible to receive a distribution of your entire vested account balance in a lump sum as soon as administratively feasible following your termination of employment. If you receive a distribution of your vested benefits when you are partially-vested in your Plan benefits, your non-vested benefits will be forfeited. For this purpose, your vested account balance is determined without regard to any Rollover Contributions you may have under the plan.

You may elect to receive your distribution in cash or you may elect to rollover your distribution to an IRA or to another qualified plan. If your total vested account balance under the Plan is \$5,000 or less as of the distribution date and you do not consent to a distribution of your vested account balance, your vested benefit will remain in the Plan until such time as you consent to a distribution or your benefit can be distributed from the Plan without consent. Further information regarding the Plan's distribution procedures will be provided at the time you terminate employment.

**In-service distributions.** You may withdraw vested amounts from the Plan while you are still employed with us, but only if you satisfy the Plan's requirements for in-service distributions. Under the Plan, you may take an in-service distribution upon any of the following events:

- You are at least age 59.5 at the time of the distribution.
- You have incurred a hardship, as described below.
- You become disabled (as defined in the Plan).

No in-service distribution of Salary Deferrals may be made prior to age 59½ (other than a distribution on account of hardship or disability). Thus, regardless of any in-service distribution provisions under the Plan, you may not request an in-service distribution of amounts attributable to your Salary Deferrals under the Plan prior to attaining age 59½ (other than a distribution on account of hardship or disability).

If your account is invested in custodial accounts/mutual funds, your ability to take certain in-service distributions may be limited. For more information on such limitations, please see your Plan Administrator.

In addition, special in-distribution rules apply for certain contribution types under the Plan:

- **Rollover Contributions.** You may withdraw amounts attributable to Rollover Contributions while you are still employed upon any of the following events:
  - You are at least age 59½ at the time of the distribution.
  - You have incurred a hardship, as described below.

**Hardship distribution.** To receive a distribution on account of hardship, you must demonstrate that you have an immediate and heavy financial need. A hardship distribution is available only for:

- (1) expenses for (or necessary to obtain) medical care that would be deductible under section 213(d) of the Internal Revenue Code (determined without regard to whether the expenses exceed the adjusted gross income limitation under section 213 of the Internal Revenue Code) incurred by you, your spouse, or any of your dependents (as defined under applicable sections of the Internal Revenue Code);
- (2) costs directly related to the purchase of your principal residence (excluding mortgage payments);
- (3) payment of tuition, related educational fees, and room and board expenses, for up to the next 12 months of post-secondary education for you, your spouse, your child, or your dependent (as defined under applicable sections of the Internal Revenue Code);
- (4) payments necessary to prevent your eviction from your principal residence or foreclosure on the mortgage on that residence;
- (5) payments for burial or funeral expenses for your deceased parent, spouse, child, or dependent (as defined under applicable sections of the Internal Revenue Code);
- (6) expenses for the repair of damage to your principal residence that would qualify for the casualty deduction under section 165 of the Internal Revenue Code (determined without regard to section 165(h)(5) of the Internal Revenue Code and whether the loss exceeds 10% of your adjusted gross income); and
- (7) expenses and losses (including loss of income) incurred by you on account of a disaster declared by the Federal Emergency Management Agency (FEMA) under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, provided that your principal place of residence or principal place of employment, at the time of the disaster, was located in an area designated by FEMA for individual assistance with respect to the disaster.

In addition, a hardship event described under (1), (3) or (5) above may also be determined with respect to a primary beneficiary under the Plan. For this purpose, a primary beneficiary is an individual who is named as a beneficiary under the Plan and has an unconditional right to all or a portion of a participant's benefit upon the death of the participant.

Before you may receive a hardship distribution, you must represent, in writing, that you have insufficient cash or other liquid assets to satisfy your financial need.

In addition, if you have other distributions available under this Plan (or any other plan we may maintain) you must take such distributions *before* requesting a hardship distribution.

You may not receive a hardship distribution of more than you need to satisfy your hardship. In calculating your maximum hardship distribution, you may include any amounts necessary to pay federal, state or local income taxes or penalties reasonably anticipated to result from the distribution. See the Plan Administrator for more information regarding the maximum amount you may take from the Plan as a hardship distribution and the total amount you have available for a hardship distribution. The Plan Administrator will provide you with the appropriate forms for requesting a hardship distribution.

**Required distributions.** If you have not begun taking distributions before you attain your Required Beginning Date, the Plan generally must commence distributions to you as of such date. For this purpose, effective as of January 1, 2020, your Required Beginning Date is April 1 following the end of the calendar year in which you attain age 72 or terminate employment, whichever is later. (For 5% owners, the Required Beginning Date is April 1 following the calendar year in which you attain age 72, even if you are still employed.)\*\*

Once you attain your Required Beginning Date, the Plan Administrator will commence distributions to you as required under the Plan. The Plan Administrator will inform you of the amount you are required to receive once you attain your Required Beginning Date.

*\*\* For Plan Years ending prior to January 1, 2020, the applicable age for determining the Required Beginning Date was 70½ (rather than age 72). Therefore, if you attained age 70 ½ prior to January 1, 2020, your Required Beginning Date is determined using age 70½.*

**Distribution upon disability.** If you should terminate employment because you are disabled, you will be eligible to receive a distribution of your vested account balance under the Plan's normal distribution rules. You will be considered to be disabled for purposes of applying the Plan's distribution rules if you are unable to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment that can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. The Plan Administrator may establish reasonable procedures for determining whether you are disabled for purposes of applying the distribution provisions of the Plan.

**Distributions upon death.** If you should die before taking a distribution of your entire vested account balance, your remaining benefit will be distributed to your beneficiary or beneficiaries, as designated on the appropriate designated beneficiary election form. You may request a designated beneficiary election form from the Plan Administrator.

If you are married, your spouse generally is treated as your beneficiary, unless you and your spouse properly designate an alternative beneficiary to receive your benefits under the Plan. The Plan Administrator will provide you with information concerning the availability of death benefits under the Plan and your rights (and your spouse's rights) to designate an alternative beneficiary for such death benefits.

**Default beneficiaries.** If you do not designate a beneficiary to receive your benefits upon death, your benefits will be distributed first to your spouse. If you have no spouse at the time of death, your benefits will be distributed equally to your children. If you have no children at the time of your death, your benefits will be distributed to your estate.

**Taxation of distributions.** Generally, you must include any Plan distribution in your taxable income in the year you receive the distribution. More detailed information on tax treatment of Plan distributions is contained in the "Special Tax Notice" which you may obtain from the Plan Administrator.

- **Roth Deferrals.** If you make Roth Deferrals under the Plan, you will not be taxed on the amount of the Roth Deferrals taken as a distribution (because you pay taxes on such amounts when you contribute them to the Plan). In addition, you will not pay taxes on any earnings associated with the Roth Deferrals, provided you take the Roth Deferrals and earnings in a qualified distribution. For this purpose, a qualified distribution occurs only if you have had your Roth Deferral account in place for at least 5 years and you take the distribution on account of death, disability, or attainment of age 59½. If you have made both pre-tax Salary Deferrals and Roth Deferrals under the Plan, you may designate the extent to which a distribution of Salary Deferrals is taken from your pre-tax Salary Deferral Account or your Roth Deferral Account. Any distribution of Salary Deferrals (including Roth Deferrals) must be authorized under the Plan distribution provisions.

If you take a distribution that does not qualify as a qualified distribution, you will be taxed on the earnings associated with the Roth contributions. (You will never be taxed on the Roth contributions distributed since those amounts are taxed at the time you make the Roth contributions or Roth conversion.)

**Distributions before age 59½.** If you receive a distribution before age 59½, you generally will be subject to a 10% penalty tax in addition to regular income taxation on the amount of the distribution that is subject to taxation. You may avoid the 10% penalty tax by rolling your distribution into another plan or IRA. Certain exceptions to the penalty tax may apply. For more information, please review the “Special Tax Notice,” which may be obtained from the Plan Administrator.

**Rollovers and withholding.** You may “roll over” most Plan distributions to an IRA or another qualified plan and avoid current taxation. You may accomplish a rollover either directly or indirectly. In a direct rollover, you instruct the Plan Administrator that you wish to have your distribution deposited directly into another plan or an IRA. In an indirect rollover, the Plan Administrator actually makes the distribution to you and you may rollover that distribution to an IRA or another qualified plan within 60 days after you receive the Plan distribution.

If you are eligible to directly rollover a distribution but choose not to, the Plan Administrator must withhold 20% of the taxable distribution for federal income tax withholding purposes. The Plan Administrator will provide you with the appropriate forms for choosing a direct rollover. For more information, see the “Special Tax Notice,” which may be obtained from the Plan Administrator.

Certain benefit payments are not eligible for rollover and therefore will not be subject to 20% mandatory withholding. The types of benefit payments that are not “eligible rollover distributions” include:

- annuities paid over your lifetime,
- installment payments for a period of at least ten (10) years,
- minimum required distributions after age 70½ (or age 72, if you were born after June 30, 1949),
- hardship withdrawals, and
- certain “corrective” distributions.

*[Note: All of the above distribution options may not be available under this Plan.]*

**Non-assignment of benefits and Qualified Domestic Relations Orders (QDROs)** Your benefits cannot be sold, used as collateral for a loan, given away, or otherwise transferred, garnished, or attached by creditors, except as provided by law. However, if required by applicable state domestic relations law, certain court orders could require that part of your benefit be paid to someone else—your spouse or children, for example. This type of court order is known as a Qualified Domestic Relations Order (QDRO). As soon as you become aware of any court proceedings that might affect your Plan benefits, please contact the Plan Administrator. You may request a copy of the procedures concerning QDROs, including those procedures governing the qualification of a domestic relations order, without charge, from the Plan Administrator.

## ARTICLE 9 PLAN ADMINISTRATION AND INVESTMENTS

**Investment of Plan assets.** You have the right to direct the investment of Plan assets held under the Plan on your behalf, as provided under the applicable Investment Arrangement. The Plan Administrator or other authorized person will provide you with information on the amounts available for direction, the investment choices available to you, the frequency with which you can change your investment choices and other investment information. Periodically, you will receive a benefit statement that provides information on your account balance and your investment returns. If you have any questions about the investment of your Plan accounts, please contact the Plan Administrator or other Plan representative.

Although you have the opportunity to direct the investment of your benefits under the Plan, the Plan Administrator may decline to implement investment directives where it deems it is appropriate in fulfilling its role as a fiduciary under the Plan. The Plan Administrator may adopt rules and procedures to govern Participant investment elections and directions under the Plan.

This Plan is designed to comply with the requirements of ERISA §404(c). As such, to the extent you are permitted to direct the investment of your account, you are solely responsible for the investment decisions you make with respect to your Plan benefits. No other fiduciary, including the Trustee, Employer or Plan Administrator, will be responsible for any losses resulting from your direction of investments under the Plan. If you have questions regarding investment decisions or strategies with respect to the investment of your Plan benefits, you should consult an investment professional.

**Information Regarding Participant Investment Direction.** The Plan Administrator of the Plan is responsible for providing you with certain information relating to the Plan's procedures for investment direction.

When you initially invest in an investment alternative subject to the Securities Act of 1933, you may receive a copy of the most recent prospectus for that investment alternative. However, if you received a copy of the prospectus from the Plan Administrator immediately before you invested in that investment alternative, the Plan Administrator is not required to give you a second copy.

Additional information is available from the Plan Administrator. To receive this information, you must deliver a written request to the Plan Administrator. (Please contact the Plan Administrator to receive the appropriate form). Available information includes:

- (a) Copies of prospectuses (or, alternatively, any short-form or summary prospectus, the form of which has been approved by the Securities and Exchange Commission) for the disclosure of information to investors by entities registered under either the Securities Act of 1933 or the Investment Company Act of 1940, or similar documents relating to designated investment alternatives that are provided by entities that are not registered under either of these Acts;
- (b) Copies of any financial statements or reports, such as statements of additional information and shareholder reports, and of any other similar materials relating to the plan's designated investment alternatives, to the extent such materials are provided to the plan;
- (c) A statement of the value of a share or unit of each designated investment alternative as well as the date of the valuation; and
- (d) A list of the assets comprising the portfolio of each designated investment alternative which constitute plan assets within the meaning of 29 CFR 2510.3-101 and the value of each such asset (or the proportion of the investment which it comprises).

Please address any questions you have regarding your investment alternatives to the Plan Administrator or its designated representative.

**Valuation Date.** To determine your share of any gains or losses incurred as a result of the investment of Plan assets, the Plan is valued on a regular basis. For this purpose, the Plan is valued on a daily basis. Thus, you will receive an allocation of gains or losses under the Plan at the end of each business day during which the New York Stock Exchange is open.

**Plan fees.** There may be fees or expenses related to the administration of the Plan or associated with the investment of Plan assets that will affect the amount of your Plan benefits. Any fees related to the administration of the Plan or associated with the investment of Plan assets may be paid by the Plan or by the Employer. If the Employer does not pay Plan-related expenses, such fees or expenses will generally be allocated to the accounts of Participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. If you direct the investment of your benefits under the Plan, you will be responsible for any investment-related fees incurred as a result of your investment decisions. Prior to making any investment, you should obtain and read all available information concerning that particular investment, including financial statements, prospectuses, and other available information.

In addition to general administration and investment fees that are charged to the Plan, you may be assessed fees directly associated with the administration of your account. For example, if you terminate employment,

your account may be charged directly for the pro rata share of the Plan's administration expenses, regardless of whether the Employer pays some of these expenses for current Employees. Other fees that may be charged directly against your account include:

- Fees related to the processing of distributions upon termination of employment.
- Fees related to the processing of in-service distributions (including hardship distributions).
- Fees related to the processing of required minimum distributions after age 70½ (or age 72, if you were born after June 30, 1949), or termination of employment, if later.
- Participant loan origination fees and annual maintenance fees.
- Charges related to processing of a Qualified Domestic Relation Order (QDRO) where a court requires that a portion of your benefits is payable to your ex-spouse or children as a result of a divorce decree.

If you are permitted to direct the investment of your benefits under the Plan, each year you will receive a separate notice describing the fees that may be charged under the Plan. In addition, you will also receive a separate notice describing any actual fees charged against your account. Please contact the Plan Administrator if you have any questions regarding the fees that may be charged against your account under the Plan.

## ARTICLE 10 PARTICIPANT LOANS

The Plan permits Participants to take a loan from the Plan. Thus, you may take a loan from your vested benefits under the Plan. The Plan Administrator will develop procedures for administering Participant loans, including the establishment of procedures for applying for a loan and limits on the total amount of loan proceeds that may be outstanding at any time. For more information regarding the procedures for receiving a Participant loan, please contact the Plan Administrator.

## ARTICLE 11 PLAN AMENDMENTS AND TERMINATION

**Plan amendments.** We have the authority to amend this Plan at any time. Any amendment, including the restatement of an existing Plan, may not decrease your vested benefit under the Plan, except to the extent permitted under the Internal Revenue Code, and may not reduce or eliminate any "protected benefits" (except as provided under the Internal Revenue Code or any regulation issued thereunder) determined immediately prior to the adoption or effective date of the amendment (whichever is later). However, we may amend the Plan to increase, decrease or eliminate benefits on a prospective basis.

**Plan termination.** Although we expect to maintain this Plan indefinitely, we have the ability to terminate the Plan at any time. For this purpose, termination includes a complete discontinuance of contributions under the Plan or a partial termination. If the Plan is terminated, all amounts credited to your account shall become 100% vested, regardless of the Plan's current vesting schedule. In the event of the termination of the Plan, you are entitled to a distribution of your entire vested benefit. Such distribution shall be made directly to you or, at your direction, may be transferred directly to another qualified retirement plan or IRA. If you do not consent to a distribution of your benefit upon termination of the Plan, the Plan Administrator will transfer your vested benefit directly to an IRA that we will establish for your benefit. Except as permitted by Internal Revenue Service regulations, the termination of the Plan shall not result in any reduction of protected benefits.

A partial termination may occur if either a Plan amendment or severance from service excludes a group of employees who were previously covered by this Plan. Whether a partial termination has occurred will depend on the facts and circumstances of each case. If a partial termination occurs, only those Participants who

cease participation due to the partial termination will become 100% vested. The Plan Administrator will advise you if a partial termination occurs and how such partial termination affects you as a Participant.

## ARTICLE 12 PLAN PARTICIPANT RIGHTS AND CLAIM PROCEDURES

**Participant rights.** As a participant in the Plan, you are entitled to certain rights and protections under ERISA. ERISA provides that all Plan participants shall be entitled to:

- Examine, without charge, at the Plan Administrator's office, all Plan documents including copies of all documents filed by the Plan Administrator with the U.S. Department of Labor.
- Obtain copies of all Plan documents and other Plan information upon written request to the Plan Administrator. The Plan Administrator may assess a reasonable charge for the copies.
- Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to provide each participant with a copy of this summary annual report.
- Obtain a statement telling you whether you have a right to receive benefits under the Plan and, if so, what your current benefits are. You must request this statement in writing and you may only request this statement once a year. The Plan Administrator will provide the statement free of charge.
- File a claim for benefits.

**Prudent Actions by Plan Fiduciaries.** In addition to creating rights for Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the Plan. These people, called "fiduciaries," have a duty to operate the Plan prudently and in the best interests of you, other Plan participants and beneficiaries. You may not be fired or otherwise discriminated against in any way solely to prevent you from obtaining a Plan benefit or exercising your rights under ERISA.

**Enforcement of Rights.** If you have a claim for benefits under the Plan that is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. For example, if you request a copy of Plan documents or the latest annual report from the Plan and do not receive the requested documents within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the documents and pay you up to \$110 a day until you receive the documents, unless the documents were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a divorce decree that affects the payment of benefits under the Plan, you may file suit in federal court. If the Plan's fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

**Assistance with Questions.** If you have any questions about the Plan or this SPD, you should contact the Plan Administrator. If you have any questions about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration at 1-866-444-EBSA or by going online at [www.dol.gov/ebsa](http://www.dol.gov/ebsa).

**Claim for Benefits.** Benefits will normally be payable under the Plan without the need for a formal claim. However, if you feel you are entitled to benefits under the Plan that have not been paid, you may submit to the Plan Administrator a written claim for benefits. Your request for Plan benefits will be considered a claim

for Plan benefits, and it will be subject to a full and fair review. The Plan Administrator will evaluate your claim (including all relevant documents and records you submit to support your claim) to determine if benefits are payable to you under the terms of the Plan. The Plan Administrator may solicit additional information from you if necessary to evaluate the claim.

If the Plan Administrator determines the claim is valid, then you will receive a statement describing the amount of benefit, the method or methods of payment, the timing of distributions and other information relevant to the payment of the benefit.

If the Plan Administrator denies all or any portion of your claim, you (and your authorized representative, if applicable) will receive within a reasonable period of time (not to exceed 90 days after receipt of the claim form), a written or electronic notice setting forth the reasons for the denial (including references to the specific provisions of the Plan on which the decision is based), a description of any additional information needed to perfect your claim, and the steps you must take to submit the claim for review. If the Plan Administrator determines that special circumstances require an extension of time for processing your claim, it may extend the 90-day period described in the prior sentence to 180 days, provided the Plan Administrator provides you with written notice of the extension and prior to the expiration of the original 90-day period. The extension notice will indicate the special circumstances requiring an extension of time and the date by which the Plan Administrator expects to render its decision.

If the Plan Administrator denies your claim, you will have 60 days from the date you receive notice of the denial of your claim to appeal the adverse decision of the Plan Administrator. You may submit to the Plan Administrator written comments, documents, records and other information relating to your claim for benefits. You will be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the claim. The Plan Administrator's review of the claim and of its denial of the claim shall take into account all comments, documents, records and other information relating to the claim, without regard to whether these materials were submitted or considered by the Plan Administrator in its initial decision on the claim.

If the Plan Administrator denies your claim for benefits after appeal, you will receive within a reasonable period of time (not to exceed 60 days after receipt of the appeal), a written or electronic notice setting forth the reasons for the denial (including references to the specific provisions of the Plan on which the decision is based), and a description of your right to bring an action under ERISA Section 502(a). If the Plan Administrator determines that special circumstances require an extension of time for processing your appeal, it may extend the 60-day period described in the prior sentence to 120 days, provided the Plan Administrator provides you with written notice of the extension and prior to the expiration of the original 60-day period. The extension notice will indicate the special circumstances requiring an extension of time and the date by which the Plan Administrator expects to render its decision. If the Plan Administrator denies your claim for benefits upon review, in whole or in part, you may file suit in a state or Federal court.

If the Plan Administrator makes a final written determination denying your claim for benefits, you may commence legal or equitable action with respect to the denied claim only after you have exhausted all administrative remedies under the Plan, including the claim revenue procedure. Any legal or equitable action must be commenced no later than the earlier of 180 days following the date of the final determination or three years following the proof of loss. If you fail to commence legal or equitable action with respect to a denied claim within the above timeframe, you will be deemed to have accepted the Plan Administrator's final decision with respect to the claim for benefits.

**Disability Claims Procedures.** If your claim is based on disability benefits, different claim procedures and deadlines will apply. If your disability benefits are provided or administered by a third party (such as Social Security Administration or an insurance company), that will be the entity to which claims are addressed.

The following disability claims procedures apply only to the determination under the Plan as to whether a Participant is entitled to a Plan benefit due to disability. These disability claims procedures do not apply if a third party (such as the Social Security Administration), rather than the Plan Administrator, makes the determination of disability. These disability claims procedures are intended to comply with the requirements of Department of Labor Regulation §2560.503-1 and will be interpreted accordingly.

These disability claims procedures are intended to ensure that disability claims procedures are reasonable, that “claimants” (which include Participants and Beneficiaries (and their authorized representatives, if applicable)) receive sufficient information explaining why disability benefits are denied and that the process is impartial.

If you have questions about the Plan’s claims procedures, contact the Plan Administrator named under Article 2 of this Summary Plan Description.

**Review of Initial Claim.** In the case of a claim for disability benefits, the Plan Administrator will notify the claimant of an adverse benefit determination within a reasonable period of time, but not later than 45 days after receipt of the claim by the Plan. This period may be extended by the Plan for up to 30 days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the claimant, prior to the expiration of the initial 45-day period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.

If, prior to the end of the first 30-day extension period, the Plan Administrator determines that, due to matters beyond the control of the Plan, a decision cannot be rendered within that extension period, the period for making the determination may be extended for up to an additional 30 days, provided that the Plan Administrator notifies the claimant, prior to the expiration of the first 30-day extension period, of the circumstances requiring the extension and the date as of which the Plan expects to render a decision. In the case of any extension, the notice of extension shall specifically explain the standards on which entitlement to a benefit is based, the unresolved issues that prevent a decision on the claim, and the additional information needed to resolve those issues. The claimant shall have at least 45 days within which to provide the specified information.

**Notice of Adverse Benefit Determination.** The Plan Administrator will provide a claimant with written or electronic notification (written in a culturally and linguistically appropriate and understandable manner) of any “adverse benefit determination.” An adverse benefit determination includes a rescission of coverage (except for non-payment of premiums). The notice of adverse benefit determination will set forth:

- The specific reason or reasons for the adverse determination;
- Reference to the specific Plan provisions on which the determination is based;
- A description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary;
- A description of the Plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA §502(a) following an adverse benefit determination on review; and
- A discussion of the decision, including an explanation of the basis for disagreeing with or not following:
  - The views presented by the claimant to the Plan of health care professionals treating the claimant and vocational professionals who evaluated the claimant;
  - The views of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claimant's adverse benefit determination, without regard to whether the advice was relied upon in making the benefit determination; and
  - A disability determination regarding the claimant presented by the claimant to the Plan made by the Social Security Administration.
- If the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request;

- The specific internal rules, guidelines, protocols, standards or other similar criteria of the Plan relied upon in making the adverse determination or, alternatively, a statement that such rules, guidelines, protocols, standards or other similar criteria of the Plan do not exist; and
- A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits.

The Plan Administrator will assist in language translation of a notice of adverse benefit determination, if necessary. Translation assistance can include recommending translation services, providing verbal assistance and providing the notice in a non-English language upon request.

**Appeals of Adverse Benefit Determinations.** A claimant shall have 180 days following receipt of a notification of an adverse benefit determination within which to appeal the determination. Any appeal will receive a full and fair review of the claim and the adverse benefit determination. With respect to such review:

- Claimants will have the opportunity to submit written comments, documents, records, and other information relating to the claim for benefits;
- Claimants (upon request and free of charge) will have reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits;
- The review will take into account all comments, documents, records, and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination;
- As soon as possible and sufficiently in advance of the date on which any notice of an "adverse benefit determination on review," the Plan Administrator will provide the claimant, free of charge, with any new or additional evidence considered, relied upon, or generated by the person making the benefit determination in connection with the claim; and
- As soon as possible and sufficiently in advance of the "notice of adverse benefit determination on review," the Plan Administrator will provide the claimant, free of charge, with the rationale for the adverse decision.

In performing the review, the Plan will not afford deference to the initial adverse benefit determination and the review will be conducted by an appropriate named fiduciary of the Plan who is neither the individual who made the initial adverse benefit determination, nor the subordinate of such individual. If the appeal is based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, drug, or other item is experimental, investigational, or not medically necessary or appropriate, the appropriate named fiduciary shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. Such health care professional will not be an individual (or a subordinate of such individual) who was consulted in connection with the initial adverse benefit determination.

If the Plan obtained advice from medical or vocational experts in connection with a claimant's adverse benefit determination (without regard to whether the advice was relied upon in making the benefit determination), such experts will be identified.

The Plan Administrator shall notify the claimant of the Plan's benefit determination on review within a reasonable period of time, but not later than 45 days after receipt of the claimant's request for review by the Plan, unless the Plan Administrator determines that special circumstances (such as the need to hold a hearing) require an extension of time for processing the claim. If the Plan Administrator determines that an extension of time for processing is required, written notice of the extension shall be furnished to the claimant prior to the termination of the initial 45-day period. The extension notice will indicate the special circumstances requiring an extension of time and the date by which the Plan expects to render the determination on review.

**Notice of Adverse Benefit Determination on Review.** The Plan Administrator will provide a claimant with written or electronic notification (written in a culturally and linguistically appropriate and understandable manner) of any “adverse benefit determination.” The notice of adverse benefit determination on review will set forth:

- The specific reason or reasons for the adverse determination;
- Reference to the specific Plan provisions on which the determination is based;
- That the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits;
- A description of any voluntary appeal procedures offered by the Plan and the claimant's right to obtain the information about such procedures;
- A description of the claimant's right to bring an action under ERISA §502(a) (including a description of any applicable contractual limitation period that applies to the claimant's right to bring such an action);
- A discussion of the decision, including an explanation of the basis for disagreeing with or not following:
  - The views presented by the claimant to the Plan of health care professionals treating the claimant and vocational professionals who evaluated the claimant;
  - The views of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claimant's adverse benefit determination, without regard to whether the advice was relied upon in making the benefit determination; and
  - A disability determination regarding the claimant presented by the claimant to the Plan made by the Social Security Administration;
- If the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, or, alternatively, a statement that such explanation will be provided free of charge upon request; and
- The specific internal rules, guidelines, protocols, standards or other similar criteria of the Plan relied upon in making the adverse determination or, alternatively, a statement that such rules, guidelines, protocols, standards or other similar criteria of the Plan do not exist.

The Plan Administrator will assist in language translation of a notice of adverse benefit determination on review, if necessary. Translation assistance can include recommending translation services, providing verbal assistance and providing the notice in a non-English language upon request.
